ANOTHER ARREST.

New York, June 24.—Delia Johnson, colored, to whom Cox gave a portion of the jewelry stolen from Mrs. Hull on the night of the murder, has been arrested and the missing jewelry recovered. The girl was asleep when arrested and around her neck was the topaz necklace.

ALL ABOUT THE MURDERER.

New York, June 24.—A reporter of the *Evening Press* yesterday found the landlady of the house where Christian Cox, the murderer of Mrs. Hull, formerly lived. She is a Mrs. Robinson, and said:

"When Cox was arrested for murder, I never would have believed it of him. He was the most quiet and gentlemanly-disposed man I ever had any dealings with."

Mrs. Robinson said Cox had many friends, a large number of whom were connected with the Abyssinian Baptist Church in Waverly Place, of which he was a member. She said he paid his board bills promptly for two or three months. When he left his position he never appeared to have a great amount of money, but this did not appear to cause him any great uneasiness, as he was of a very jovial disposition and was continually joking and playing tricks upon his fellow boarders. A short time after he left he secured a situation as cook in the house of a doctor on West Twenty-second or Twenty-first street. He retained this position for three weeks and then left, giving as his reason that he did not like the character of the people in the house. He paid up the balance of the board due and from this time on he had no work except odd jobs at laying carpets. Mrs. Robinson said Cox was very steady in his habits although he frequently stayed out all night. When he was away this way one night he explained his absence next morning by saying he lodged with a friend down town. She had never heard him speak of any woman, but he had said he was a widower, his wife having died while he was in the South. Cox said to Mrs. Robinson Wednesday the 11th inst., that he was tired of loafing about the city, and was going to Saratoga to look for work. Later in the day he said he was going to Yonkers where he had been offered a situation as cook. He left the house about 3 o'clock in the afternoon. He was very jovial, and bade her good-bye in a hearty manner. He was not in the house the previous night. She saw nothing of him till Monday of last week, when he returned with a stranger whom he introduced as Mr. Bacon, or Buman. This man, he said was employed on one of the Sound boats, and his home was in New York. He remained about the house, going about the streets with his friends, and did some carpet laying. Last Wednesday he settled up all arrears of board and appeared to have more money than usual, but made no lavish display of it. Friday morning he told her he was going to visit his friend in New York. She told him she was going to leave the rooms on the 1st of July, and jokingly remarked that if he was not here she would put his trunk in the street. He was engaged all day packing trunks and goods which he sent away about 1 o'clock, going himself about two hours later.

ANOTHER ARREST.

George Taylor, a boxer at Owney Geaghan's, has been arrested. He is a colored man. Bella Johnson gave him one of the mugs which Cox presented her. He and the girl were at the coroner's office to-day and were subsequently sent to the house of detention.

Bella Johnson said that her acquaintance with Cox began last winter, when he was cook for a family on Twenty-second street and procured her a place in the same house, to do general house work. He gave her the jewelry soon after the 10th inst., (the date of the murder.) She also said Cox came to her again on Wednesday, the 18th, saying he had just returned from Boston. He then gave her one of the rings stolen from Mrs. Hull. The next day he asked her to pawn the ring for him. She requested an old colored woman to pawn it for her. The woman did so, obtaining $30 on the ring. The $30 were given to Cox, who left saying that he was going to Boston.

COX LEAVES FOR NEW YORK.

Boston, June 24.—Cox, who killed Mrs. Hull, will return voluntarily to New York to-night. To-day he was taken to a photograph gallery, and a large crowd followed him to and from city hall. Cox told the officers that he had no idea Mrs. Hull was dead until twenty-four hours after his arrest.

A BRUTAL AFFAIR.

Cincinnati, June 24.—A Frankfort (Ky.) dispatch says that Saturday night, at Sandriffle, twelve miles distant, a party of unknown men attacked the house of Samuel Faulkner, severely wounding him as he ran from the house, then set fire to his dwelling, which was consumed with its inmates. Harry Russell, aged 7, was also shot, and two children of Faulkner, aged 11 and 13. No reason is given for this brutal affair.

FIRE.

Boston, June 24.—A fire starting in the powder company's frame shop at Webster, Mass., destroyed that building, a grist mill and a foundry. Loss $3,000, mostly insured.

A MURDERER'S SUICIDE.

A STEAMBOAT SUNK.

Cincinnati, June 24. The steamer Gen. Lytle, struck an obstruction supposed to be a log, 15 miles below here, knocking a hole in her hull this morning, and ran in to the Ohio side, when she sunk in 10 feet of water. No loss of life or freight is reported.

Trenton, June 24—The court of errors and appeals has demanded a writ of error in the cases of Ex-senator Cornish, under sentence to states' prison for fraudulently raising bills on the county, and of Noyes, insurance president, now serving a term in the state prison. The writ of error was also dismissed in the case of Mrs. Smith and Covert Bennett, convicted of the murder of Officer Smith, the husband of Mrs. Smith.

WASHINGTON.

The President Vetoes the Judicial Expenses Appropriation Bill.

THE VETO MESSAGE.

Washington, June 23.—The following is the text of the president's message vetoing the judicial expenses bill:

To the House of Representatives:

After careful examination of the bill entitled "An act making appropriations for certain judicial expenses," I return it herewith to the house of representatives, in which it originated, with the following objections to its approval:

The general purpose of the bill is to provide for certain judicial expenses of the government for the fiscal year ending June 30th, 1880, for which the sum of $2,600,000 is appropriated. These appropriations are required to keep in operation the general functions of the judicial department of the government, and if this part of the bill stood alone there would be no objection to its approval. It contains, however, other provisions to which I desire respectfully to ask your attention.

At the present session of congress a majority of both houses favoring the repeal of the congressional election laws, embraced in title twenty-six of the revised statutes, passed a measure for that purpose as part of a bill entitled "An Act Making Appropropriattons for the Legislative, executive and judicial expenses of the government for the fiscal year ending June 30th, 1880, and for other purposes. Unable to concur with congress on that measure, on the 29th of May last I returned the bill to the house of representatives, in which it originated, without my approval, for their further consideration, for which the constitution provides. On consideration, the bill was approved by less than two-thirds of the house and failed to become a law. The laws therefore remain the same and the supreme law of the land binding not only upon all private citizens but also alike and equally binding upon all who are charged with the duties and responsibilities of the legislative, judicial and executive departments of the government. It is now sought by the bill before me to repeal the election laws. Its object is to defeat their enforcement. The first clause of the first sections is as follows: "And no part of the money hereby appropriated is appropriated to pay any salaries or compensation fees or expenses under or in virtue of title 26 of the revised statutes, or of any provision of said title."

Title 26 of the revised statutes referred to in the foregoing clause relates to the elective franchise, and contains the laws now in force regulating congressional elections.

The second section of the bill reaches much further. It is as follows: Sec 2. "That sums appropriated in this act for the persons and public services embraced in its provisions are in full for such persons and public services for the fiscal year ending June 30th 30th, 1880, and no department officer of the government shall, during said fiscal year, make any contract or incur any liability for the future payment of money under any of the provisions of title 26 of the revised statutes of the United States authorizing the appointment or payment of special deputy marshals in connection with elections or on election day, until an appropriation sufficient to meet such contract or pay such liability shall first have been made by law.

This section of the bill is intended to make an extensive and essential change in existing laws. The following are the provisions of that statutes on the same subject which are now in force:

Sec. 2,670. "No department of the government shall expend, in any one fiscal year, any sum in excess of the appropriations made by congress for that fiscal year, or involve the government in any contract for the future payment of money in excess of such appropriation."

Sec. 2,742. "No contract or purchase on behalf of the government of the United States shall be made unless the same is authorized by law, or is under an appropriation adequate to its fulfillment, except in the war and navy departments, for clothing, subsistence forage, fuel, quarters or transportation, which, however, shall not exceed the necessities of the current year."

"The object of these sections of the revised statutes is plain. It is, first, to prevent any money from being expended unless appropriations have been made therefor, and, second, to prevent the government from being bound by any contract not previously authorized by law, except for certain necessary purpose in the war and navy department. Under existing laws the failure of congress to make the appropriations required for the execution of the election laws would not prevent their enforcement. The right and duty to appoint general and special deputy marshals which they provide for would still remain, and the executive departments of the government would also be empowered to incur the requisite liability for their compensation.

But the second section of this bill contains a prohibition not in any previous legislation. Its design is under the election laws inoperative and a dead letter during the next fiscal year. It is sought to accomplish this by omitting to appropriate money for their enforcement, and by expressly prohibiting any department officer of the government from incurring any liability under any of the provisions of title 26 of the revised statutes authorizing the appointment and payment of general or special deputy marshals for services on election days and until an appropriation sufficient to pay such liability shall have first been made. The president is called upon to give his affirmative approval to positive enactments, which are sufficient to deprive him of the ordinary and necessary means of executing the laws still left on the statute book and embraced within his constitutional duty to see that the laws are executed. If he approves the bill and thus gives to such positive enactments the authority of law, he participates in the curtailment of his means of seeing that the law is faithfully executed while the obligation of law and his constitutional duty remains unimpaired. The appointment of special deputy marshals is not made by statute. It is a spontaneous act of authority on the part of any executive or judicial officer of the government, that is accorded as the popular right of citizens to call into operation this agency for securing the freedom of elections in any city or town having 20,000 inhabitants and upward.

Section 2,021 of the revised statutes puts it in the power of any two citizens of such city or town to require of the marshal of the district the appointment of these deputy marshals. Thereupon the duty of the marshal becomes imperative. Its non-performance will expose him to judicial mandate or punishment, or to removal from office by the president, as the circumstances of his conduct might require. The bill now before me neither revokes this popular right of citizens nor relieves the marshals of the duty imposed by law, nor the president of his duty to see that this law is faithfully executed.

I forbear to enter again upon any general discussion of the wisdom or necessity of the election laws, or the dangerous and unconstitutional principle of this bill. The power vested in congress to originate appropriations involves the right to compel the executive to approve any legislation which congress may see fit to attach to such bills, under the penalty of refusing the money needed to carry out the essential functions of the government. My views on this subject have been sufficiently presented in special messages sent by me to the house of representatives during the present session. What was said in those messages I regard as conclusive as to my duty in respect to the bill before me. The arguments in those communications against the repeal of the election laws and against the right of congress to deprive the executive of that separate and independent discretion and judgment which the constitution confers and requires are equally cogent in opposition to this bill.

This measure leaves the powers and duties of supervisors of elections untouched. The compensation of those officers is provided for under permanent laws and no liability for which an appropriation is now required, would therefore be incurred by their appointment, but the power of the national government to protect them in the discharge of their duty at the polls, would be taken away. The states may employ both civil and military authority at elections, but by this bill even civil authority to protect congressional elections is denied to the United States. The object is to prevent any adequate control by the United States over national elections by forbidding the payment of deputy marshals, officers who are clothed with authority to enforce the election laws. The fact that these laws are deemed objectionable by the majority of both houses of congress urged as sufficient warrant for this legislation. There are two lawful ways to overturn legislative enactments. One is to repeal, and the other is the decision of a competent tribunal against their validity. The effect of this bill is to deprive the executive department of the government of the meant to execute laws which are not repealed, which have not been declared invalid and which it is therefore the duty of the executive of every other department of the government to obey and to enforce. I have in my former message on this subject expressed a willingness to concur in suitable amendments for the improvement of the election laws, but I cannot consent to their absolute and entire repeal, and I cannot approve legislation which seems to prevent their enforcement.

He was very jovial, and bade her good-bye in a hearty manner. He was not in the house the previous night. She saw nothing of him till Monday of last week, when he returned with a stranger whom he introduced as Mr. Bacon, or Buman. This man, he said was employed on one of the Sound boats, and his home was in New York. He remained about the house, going about the streets with his friends, and did some carpet laying. Last Wednesday he settled up all arrears of board and appeared to have more money than usual, but made no lavish display of it. Friday morning he told her he was going to visit his friend in New York. She told him she was going to leave the rooms on the 1st of July, and jokingly remarked that if he was not here she would put his trunk in the street. He was engaged all day packing trunks and goods which he sent away about 1 o'clock, going himself about two hours later.

ANOTHER ARREST.

George Taylor, a boxer at Owney Geaghan's, has been arrested. He is a colored man. Bella Johnson gave him one of the mugs which Cox presented her. He and the girl were at the coroner's office to-day and were subsequently sent to the house of detention.

Bella Johnson said that her acquaintance with Cox began last winter, when he was cook for a family on Twenty-second street and procured her a place in the same house, to do general house work. He gave her the jewelry soon after the 10th inst., (the date of the murder.) She also said Cox came to her again on Wednesday, the 18th, saying he had just returned from Boston. He then gave her one of the rings stolen from Mrs. Hull. The next day he asked her to pawn the ring for him. She requested an old colored woman to pawn it for her. The woman did so, obtaining $30 on the ring. The $30 were given to Cox, who left saying that he was going to Boston.

COX LEAVES FOR NEW YORK.

Boston, June 24.—Cox, who killed Mrs. Hull, will return voluntarily to New York to-night. To-day he was taken to a photograph gallery, and a large crowd followed him to and from city hall. Cox told the officers that he had no idea Mrs. Hull was dead until twenty-four hours after his arrest.

A BRUTAL AFFAIR.

Cincinnati, June 24.—A Frankfort (Ky.) dispatch says that Saturday night, at Sandriffle, twelve miles distant, a party of unknown men attacked the house of Samuel Faulkner, severely wounding him as he ran from the house, then set fire to his dwelling, which was consumed with its inmates. Harry Russell, aged 7, was also shot, and two children of Faulkner, aged 11 and 13. No reason is given for this brutal affair.

FIRE.

Boston, June 24.—A fire starting in the powder company's frame shop at Webster, Mass., destroyed that building, a grist mill and a foundry. Loss $3,000, mostly insured.

A MURDERER'S SUICIDE.

Buffalo, June 24.—Thos. Deinkel, charged with killing his wife, killed himself to-day with a razor which was given him to shave before the trial.

A STEAMBOAT SUNK.

Cincinnati, June 24.—The steamer Gen. Lytle, struck an obstruction supposed to be a log, 15 miles below here, knocking a hole in her hull this morning, and ran in to the Ohio side, when she sunk in 10 feet of water. No loss of life or freight is reported.

NOTED CRIMINAL CASES.

Trenton, June 24—The court of errors and appeals has demanded a writ of error in the cases of Ex-senator Cornish, under sentence to states' prison for fraudulently raising bills on the county, and of Noyes, insurance president, now serving a term in the state prison. The writ of error was also dismissed in the case of Mrs. Smith and Covert Bennett, convicted of the murder of Officer Smith, the husband of Mrs. Smith.

WASHINGTON.

The President Vetoes the Judicial Expenses Appropriation Bill.

THE VETO MESSAGE.

Washington. June 23.—The following is the text of the president's message vetoing the judicial expenses bill:

To the House of Representatives:

After careful examination of the bill entitled "An act making Appropriations for certain judicial expenses," I return it herewith to the house of representatives, in which it originated, with the following objections to its approval:

The general purpose of the bill is to provide for certain judicial expenses of the government for the fiscal year ending June 30th, 1880, for which the sum of $2,690,000 is appropriated. These appropriations are required to keep in operation the general functions of the judicial department of the government, and if this part of the bill stood alone there would be no objection to its approval. It contains, however, other provisions to which I desire respectfully to ask your attention.

At the present session of congress a majority of both houses favoring the repeal of the congressional election laws, embraced in title twenty-six of the revised statutes, passed a measure for that purpose as part of a bill entitled. "An Act Making Appropropriattons for the Legislative, executive and judicial expenses of the government for the fiscal year ending June 30th, 1880, and for other purposes. Unable to concur with congress on that measure, on the 29th of May last I returned the bill to the house of representatives, in which it originated, without my approval, for their further consideration, for which the constitution provides. On consideration, the bill was approved by less than two-thirds of the house and failed to become a law. The election laws therefore remain the same and the supreme law of the land binding not only upon all private citizens but also alike and equally binding upon all who are charged with the duties and responsibilities of the legislative, judicial and executive departments of the government. It is not sought by the bill before me to repeal the election laws. Its object is to defeat their enforcement. The last clause of the first sections is as follows: "And no part of the money hereby appropriated is appropriated to pay any salaries or compensation fees or expenses under or in virtue of title 26 of the revised statutes, or of any provision of said title."

Title 26 of the revised statutes referred to in the foregoing clause relates to the elective franchise, and contains the laws now in force regulating congressional elections.

The second section of the bill reaches much further. It is as follows: Sec 2. "That sums appropriated in this act for the persons and public services embraced in its provisions are in full for such persons and public services for the fiscal year ending June 30th 30th, 1880, and no department or officer of the government shall, during said fiscal year, make any contract or incur any liability for the future payment of money under any of the provisions of title 26 of the revised statutes of the United States authorizing the appointment or payment of special deputy marshals in connection with elections or on election day, until an appropriation sufficient to meet such contract or pay such liability shall first have been made by law.

This section of the bill is intended to make an extensive and essential change in existing laws. The following are the provisions of the statutes on the same subject which are now in force:

Sec. 2,679. "No department of the government shall expend, in any one fiscal year, any sum in excess of the appropriations made by congress for that fiscal year, or involve the government in any contract for the future payment of money in excess of such appropriation."

Sec. 2,742. "No contract or purchase on behalf of the government of the United States shall be made unless the same is authorized by law, or is under an appropriation adequate to its fulfillment, except in the war and navy departments, for clothing, subsistence forage, fuel, quarters or transportation, which, however, shall not exceed the necessities of the current year.

"The object of these sections of the revised statutes is plain. It is, first, to prevent any money from being expended unless appropriations have been made therefor; and, second, to prevent the government from being bound by any contract not previously authorized by law, except for certain necessary purpose in the war and navy department. Under existing laws the failure of congress to make the appropriations required for the execution of the election laws would not prevent their enforcement. The right and duty to appoint general and special deputy marshals which they provide for would still remain, and the executive departments of the government would also be empowed to incur the requisite liability for their compensation.

But the second section of this bill contains a prohibition not in any previous legislation. Its design is under the election laws inoperative and a dead letter during the next fiscal year. It is sought to accomplish this by omitting to appropriate money for their enforcement, and by expressly prohibiting any department officer of the government from incurring any liability under any of the provisions of title 26 of the revised statutes authorizing the appointment and payment of general or special deputy marshals for servicee on election days and until an appropriation sufficient to pay such liability shall have first been made. The president is called upon to give his affirmative approval to positive enactments, which are sufficient to deprive him of the ordinary and necessary means of executing the laws still left on the statute book and embraced within his constitutional duty to see that the laws are executed. If he approves the bill and thus gives to such positive enactments the authority of law, he participates in the curtailment of his means of seeing that the law is faithfully executed while the obligation of law and his constitutional duty remains unimpaired. The appointment of special deputy marshals is not made by statute. It is a spontaneous act of authority on the part of any executive or judicial officer of the government, that is accorded as the popular right of citizens to call into operation this agency for securing the freedom of elections in any city or town having 20,000 inhabitants and upward.

Section 2,021 of the revised statutes puts it in the power of any two citizens of such city or town to require of the marshal of the district the appointment of these deputy marshals. Thereupon the duty of the marshal becomes imperative. Its nonperformance will expose him to judicial mandate or punishment, or to removal from office by the president, as the circumstances of his conduct might require. The bill now before me neither revokes this popular right of citizens nor relieves the marshals of the duty imposed by law, nor the president of his duty to see that this law is faithfully executed.

I forbear to enter again upon any general discussion of the wisdom or necessity of the election laws, or the dangerous and unconstitutional principle of this bill. The power vested in congress to originate appropriations involves the right to compel the executive to approve any legislation which congress may see fit to attach to such bills, under the penalty of refusing the money needed to carry out the essential functions of the government. My views on this subject have been sufficiently presented in special messages sent by me to the house of representatives during the present session. What was said in those messages I regard as conclusive as to my duty in respect to the bill before me. The arguments in those communications against the repeal of the election laws and against the right of congress to deprive the executive of that separate and independent discretion and judgment which the constitution confers and requires are equally cogent in opposition to this bill.

This measure leaves the powers and duties of supervisors of elections untouched. The compensation of those officers is provided for under permanent laws and no liability, for which an appropriation is now required, would therefore be incurred by their appointment, but the power of the national government to protect them in the discharge of their duty at the polls, would be taken away. The states may employ both civil and military authority at elections, but by this bill even civil authority to protect congressional elections is denied to the United States. The object is to prevent any adequate control by the United States over national elections by forbidding the payment of deputy marshals, officers who are clothed with authority to enforce the election laws. The fact that these laws are deemed objectionable by the majority of both houses of congress urged as sufficient warrant for this legislation. There are two lawful ways to overturn legislative enactments. One is to repeal, and the other is the decision of a competent tribunal against their validity: The effect of this bill is to deprive the executive department of the government of the meanf to execute laws which are not repealed, which have not been declared invalid and which it is therefore the duty of the executive of every other department of the government to obey and to enforce. I have in my former message on this subject expressed a willingness to concur in suitable amendments for the improvement of the election laws, but I cannot consent to their absolute and entire repeal, and I cannot approve legislation which seems to prevent their enforcement.

Congressional Summary.

Monday, June 23.—SENATE.—A few unimportant bills were passed and several minor nominations confirmed. HOUSE. The veto of the judicial expenses bill was received, and the bill failed to pass over the veto—yeas 104, nays 78.

MR. HAYES has backed down in signing the army appropriation bill which the Republicans in both Houses, with a very few exceptions, voted and spoke against. The bill prohibits the use of troops at the polls, and contains in substance what the democrats have been fighting for. The supplemental judicial expenses bill was vetoed by Mr. HAYES, but he based his objections principally upon the clause prohiting the payment or contracting for payment of deputy marshals for services at the polls. It is noticeable that he does not object to the important amendments of the jury laws and the total abolition of the infamous jury test oath, both of which the republicans in congress had solidly opposed. The democratic senators held a caucus yesterday afternoon when Senator VEST introduced a resolution for an immediate adjournment of Congress. This was opposed by Messrs. MCDONALD, BAYARD, THURMAN, HILL, BUTLER, MAXEY, PENDLETON, EATON, BECK, and HAMPTON. Finally a resolution was adopted favoring the introduction and passage of another bill which shall obviate the objections urged to this one. There were only seven votes against this resolution—namely Messrs. COCKRELL, JONES, WALKER, WALLACE, VANCE and WITHERS. Among the house democrats, there is some division of sentiment as to the course to be pursued, but doubtless the majority will concur in the action of the senate democrats. If the bill is passed as suggested the democrats will have accomplished, 1st the abolition of the jurors' test oath; 2nd the amendment of the jury laws; 3rd the prohibition of armed supervision of elections. The only thing that the republicans will have saved of these obnoxious laws will be the power to use deputy marshals at the polls.

A man coming out of a Texas newspaper office with one eye gouged out, his nose spread all over his face, and one or his ears chewed off, replied to a policeman who interviewed him: "I didn't like an article that 'peared in the paper last week, an' I went in ter see the man who writ it, an' he was there!"

The *Electrotyper*, one of the leading typographical journals in the country, has adopted the spelling reforms suggested by the American Philogical Association, and is doing much to introdnce those sensible changes to the favorable notice of the public. Alva H. Benjamin, a Cleveland lawyer who has figured before in the courts, has been arrested charged with an attempted outrage on the person of a waiter girl. Benjamin, it is claimed, waited for her in the water closet of the block where his office is, and after her refusal to accede to his demands, caught her by the arm and attempted to pull her to the floor. She resisted, however, and got away finally.

BAYONETS vs. BALLOTS.

How the Massachusetts Troops Voted in Indiana.

Recollections of F. H. McCulloch.

Senator McDonald recently made a statement before the United States senate that during the war a Massachusetts regiment stationed at Indianapolis went to the polls and voted a number of times, and prevented others from voting by force of arms. This statement has been sustained by a number of the most influential members of both parties. Learning that Fred. McCulloch, son of Secretary McCulloch, was a member of the 60th Massachusetts regiment, stationed at Indianapolis at the time referred to, a SENTINEL reporter called upon him to get his recollection of the affair. Mr. McCulloch stated that at the time referred to—namely, the October election of 1862—he was at home on a furlough, and voted in this city, but that he returned to his regiment only a day or two after the election, and knew only what his comrades told him. At the time nothing was thought of it. Everybody, he thought, knew of it, and no one seemed to care anything about it. He stated that about two hundred of the boys had the liberty of the city and carried their sidearms which they were obliged to do. They went to the polls and voted, some once, some oftner, while one of the boys told Mr. McCulloch that he voted twenty-one times. A party of about seventy-five soldiers were detailed to go to Greensburg, ostensibly for the purpose of preserving peace, but really for the purpose of voting in order to carry that township. He stated, however, that he believed no one was intimidated nor prevented from voting.

Mr. McCulloch is a son of ex secretary McCulloch, and was at the time an ardent republican, but has since thas time become a good square democrat. He disliked to have his name mixed up in the matter, but as the statement without the authority would carry no weight, Mr. McCulloch will certainly pardon the SENTINEL for naming him.

Educational Notes—Music Class—The Crops—Picnic—The "Sentinel"—Personal.

[Correspondence of the Sentinel.]

Perry Township, Ind., June 23, 1879.—District school No. 8, better known by the name of the Bowser school, closed last Friday. A new school house is being built about one hundred rods further north, by W. Howard Kreep, and will be finished in several weeks.

The Union Chapel singing class, under the conductorship of Mr. J. S. McComb, intend singing some select pieces of music in several weeks. They met last evening for practice at Mr. Gump's. The selections we understand are to be entirely of a sacred character.

The wheat crop in Perry is not to be beat. An abundant harvest is on hand. The corn crop is not so promising, only every once in a while a stalk; and the stalks are as varied in size, age and color as the people of a nation. Some say the whistling of the locomotives on the Jackson road scared the corn crop out of a month's growth.

A Sabbath school picnic will be held at Robinson next Thursday, the 26th. Quite a time is expected, as several schools have been invited to attend and participate.

Everyone knows that the SENTINEL is the cheapest paper in the country, and all are being convinced that it is not only "the newspaper" of Allen county, but THE NEWSPAPER of northern Indiana.

Will some arithmetical sage explain what is wrong in the solution to the following problem: "A fox is ten rods ahead of a hound when the hound begins to run, and the fox is running only runs one-tenth as fast; what distance will the fox have run when caught?" Solution.—When the hound runs the ten rods the fox will be one tenth of ten rods or one rod ahead, and when the hound runs the one rod the fox will be one tenth of a rod ahead, and when the hound runs the one-tenth rod the fox will be one tenth of one-tenth or one-hundredth of a rod ahead, and so on indefinitely. Hence the fox will never be caught, as he will always be one-tenth of the distance ahead.

Exactly three hundred years ago this very day commenced what was known as "The War of the Lovers." This was in the sixteenth century, when three planets came in conjunction at the same time and as there will be shortly four planets in conjunction we will, according to the predictions of astronomers and scientists, have a repetition, accompanied by famines plagues, etc., or don't we read aright?

Encouraging Prospects For Another Narrow Guage.

General Railroad News.

COLUMBUS AND NORTHWESTERN RAILROAD.

The Columbus and Northwestern Narrow Gauge Railroad, of which so much was heard a few months ago, is not dead. It has been taking a sound nap, but seems to have revived. Maurice Cody, of this city, who has never lost faith in the project, has received the following letters, which he kindly allows the SENTINEL to publish:

Urbana, O., June 19th, 1879.—MAURICE CODY, ESQ.: *Dear sir*—In regard to the future of our line to your city, as ours is under contract and our work will be started in July, we shall begin to look westward and locate as we go. Our contractors are willing to take the entire line at the rate per mile they have taken the first hundred. Taking our profile as a basis, ours average about 6,000 yards per mile. They grade, bridge and tie, lay the track, furnish iron, splices and rails, for forty-one hundred and fifty-seven dollars ($4157) per mile. What we wish to do is to charter and consolidate from Decatur through Fort Wayne and Michigan, via South Bend, Berrien Springs, to the mouth of St. Joseph River, and from West Jefferson to the coal fields *direct*. So soon as we break ground, we shall make up a party, our president, Mr. Jennings, and others, and drive through over the entire route. Then we would like you to incorporate and organize, as was agreed upon when I was at your city. We would also be glad to have you arrange for a party to join us at Decatur and go on through to the lake. I will then, at the proper time, put engineers in the field and locate the entire line, and when the several quotas are up, construction will be started and continued to completion. We will probably build a three and a half foot track, as we can change tracks at a small *cost*, and thereby have the wide as well as the narrow gauge *cars* over all or any part of our line. I would be glad to hear from you as to whether your people *still* regard the Columbus & Northwestern with favor, and will at the proper time take an interest in the enterprise. Yours truly,

J. E. WILLIAMS.

Urbana, O., May 29, 1879.—MAURICE CODY, ESQ.: *Dear Sir*—Your favor of the 26th is at hand, and I hasten to reply to you; also send you a prospectus as to our enterprise. It is the original enterprise in which we started out. We have nothing to do with the Van Wert enterprise, and know nothing of it. We have our line surveyed, maps and profiles, and estimates from Swandon, a point on the Dayton and Michigan road, to Columbus, and have put the line under contract, to gravel, bridge, cross-tie, lay track and furnish rails (35 pounds per yard) at $4,157 per mile—$1,500 per mile in cash, and the balance in bonds at 90 cents. The firm is a strong one, and will commence work in July. We have taken up a good deal of right of way already. We did not attempt to put any work under contract until the line had been carefully surveyed; hence our western terminus is now Swandon, but the contracting firm of Stanton, Gard & Co. will take the balance of the line at the same terms whenever we are ready. So soon as we get the work going on we will survey the line to our terminus, viz.: the southwest corner of Van Wert county, and then the company must be organized through Indiana.

Letters from Mr. Jennings, our vice president, from St. Joseph, say that they will organize, raise money and build it to Fort Wayne to meet us. I write you to advise you not to suggest any movement. You can consult your own judgment in regard to that. Only this: keep watch of our progress and start in time, so that we can go through. After we reach the state line, we have light grades and very easy turners. Fully 80 percent of the right of way will be given.

J. E. WILLIAMS.

Mr. Cody has been consulting with some of our leading business men and capitalists, and they seem to be very favorable to this line. Mr. Cody thinks that the line will be built to Decatur or Monroe Center, thence to Brooke's saw mill, Preble township, and thence through Williamsport to Fort Wayne.

Charley Newell, of engine 113 on the Pittsburgh road, last night ran from this city to Forest, 91 miles, in 90 minutes. He pulled one car containing a Chicago mogul who was hastening to his mother's death bed. There is no taffy about this story.

H. C. Townsend, the wide-awake General Ticket and Passenger Agent of the Wabash Road, has just published two unusually complete and accurate railroad maps, showing the most direct and extensive connection of the line East, West, North and South, and, to his credit, the few defections of the road from an air line are shown as distinctly as are those of competing roads.

Last Night's Dispatches.

Chicago, June 23.—The first day of the Chicago Jockey Club races drew 5,000 people. Weather superb.

The first event—purse race, 1¼ mile—all ages; starters, Mintzer, Edinburg, Athelstone, Virgillian, American, Lottery, King Faro, Bill Bass, Florence Payne and Aunt Winnie. The race was won by Mintzer; Virgillian 2d, Bill Bass 3d, Edinburg 4th, King Faro 5th; time, 2.16¼.

Mintzer, the winner, is better known as Garry Owen.

The next event was the Grand Pacific Hotel stakes for two-year-olds, mile dash; forty entries; starters, Kimball, Waverly, Chris Doyle, Margentine, Vapor, Amazon, Luke Blackburn. The race was won by Kimball, the favorite. Time, 1.38¾; Luke Blackburn 2d, Margentine 3d.

The third race, for three year old colts, dash one-half mile; the following started: Goodnight, Joe Rowell, Lord Murphy and Buckner. Lord Murphy was favorite by the heavy odds of two to one over the field. Buckner won, Murphy 2d, Goodnight 3d, Joe Rowell 4th. Time 2.45¾.

The last event was the hurdle race, all ages; seven weights, mile heats, over four hurdles, Verdegris, Kelso Cannon, Joe Rodes, Bennett and Raven started, first heat horses came in in the following order: Raven, Cannot, Kelso Verdigris. In jumping the first hurdle Burnett threw his rider and was distanced. Time, 1.54½. The second and third heats were taken by Raven in 1.54¾ and 1.52¾. Rodes taking second money. Rodes was the favorite.

Atlanta, Ga., June 23.—The dwelling house of J. W. Reynolds, near this city, was burned to-day, and his daughter and sister-in-law, young girls of 13 and 14 years, perished in the flames. The fire originated in the kitchen, which was locked on the inside. They were so blinded or bewildered that they could not open the door, although Reynolds, who had been awakened by the roaring of the flames, called to them and tried to break the door in. He then went to save his wife, and barely succeeded in getting her out. He was very badly burned, and it is feared, fatally.

Columbia, S. C., June 23.—An altercation last night between John English, a well-known planter, and policeman Ross, resulted in injuries to English from which he died this forenoon. Joe English, a brother of the deceased, met Ross to-day when several shots were exchanged, but without effect.

Montreal, June 23.—The steamer Colina, bound for the St. Lawrence, struck a rock at Cape Lehne, knocking a hole in her bottom, which caused her to sink in ten minutes. The crew were rescued by the steamer Reindeer. The vessel had a general cargo, the greater portion being raw sugar.

Galveston, Tex., June 23.—A Galveston, *News* special from Marshall County, says, in the case of the state vs. James Currie, indicted for the murder of the actor, B. C. Porter, the state announced itself ready for the trial, with most of the witnesses present, including Barrymore. The defense presented affidavits of five witnesses by whom it is expected to prove that Currie was provoked to the assault in self defence. These witnesses being absent the counsel for the defence asked to have the case continued. Six witnesses, including the restaurant keeper, where the killing occurred, said at the time of the killing that the only persons present were Barrymore, Porter, Miss Cummings, Currie and the proprietor. Motion to strike out counter affidavit, statement and continuance granted. The court room was crowded and great interest manifested.

New York, June 23.—The examination in the case of Officer Nugent, charged with complicity in robbing the Manhattan Installation, concluded this afternoon, and the accused was held for trial in default of $10,000 bail.

Milan, O., June 23.—H. H. Gibbs, postmaster at this place, suicided this evening in a well. Temporary insanity. He was highly respected, and leaves a wife and two children.

Halifax, June 23.—The army worm has appeared in Colchester county in immense numbers. They have stripped the woods on the farms and are moving towards the grain fields.

Toledo, O., June 23.—The body of Marshall Davis, a prominent insurance agent of this city, was found in the river this morning. Nothing is known as to the circumstances of his death, built is a supposed case of accidental drowning. Mr. Davis enlisted at the outbreak of the rebellion as sergeant-major of the 18th Ohio Volunteers, was brevet-major, and served on the staff of Maj.-Gen. James B. Steedman.

NEW YORK, June 25.—The captain of the brig *Emma Shaw Sultana* has reported two vessels seen on fire at sea. The captain of the former sighted one on June 11th, which he supposed to be a vessel with a cargo of oil on fire. As the weather was calm, he believes the crew must have escaded. On the same night the captain of the *Sultana* sighted another burning vessel, and supposed it to have contained a cargo of oil on fire. After lying near for several hours to render assistance if necessary, he continued on his way, supposing the crew to have been rescued.

Jersey City, June 23.—George Donohue, of the canal boat Titus, was arrested last night charged with the murder of Mary Connors, his housekeeper. The woman was found in the hold of a vessel badly injured, and she died an hour after. She stated that Donohue had attacked her Saturday night, and after kicking and beating her he threw her into the hold of the vessel, and that she lay there all day, without any medical assistance, until last evening.

Boston, June 23.—The murderer of Mrs. Hull, of New York, was arrested in this city to-night, and is now in the custody of the police authorities. His name is Christine Cox, a copper-colored negro who has been employed as a waiter for a year and a half in the vicinity of the Hull residence in New York City. This negro made his appearance in Boston a week ago to-day and went into a pawn shop, where he disposed of a cameo set of jewelry. At about the same time the advertisement of pawnbrokers received from New York a description of the property, and this set was found by an officer in the pawnbroker's shop in this city. Cox made no resistance, but went quietly to the police station, where he was searched, and Mrs. Hull's watch was found on him and thoroughly identified. He was not reticent, and said in answer to questions that he had lived opposite Mrs. Hull's house, and at the time of the robery he entered through a lower window and went up stairs to her room; he further said that his purpose was robbery alone, and he did not intend to kill her.

Cincinnati, June 23.—August 16th, 1876, a society for the promotion of marriages was organized here. Members claim that over two thousand marriages have taken place through its instrumentality, and on August 16th, this year, they will give a grand picnic at Island Park, where 100 marriages will take place.

Washington, June 23.—The senate committee on privileges and elections decided to commence the Ingalls investigation in Kansas by a sub-committee of five to proceed to that state in September and to prosecute the Kellogg-Spofford inquiry in New Orleans next November, by a sub-committee of three members. Mr. Salisbury is to be the chairman of the Kansas sub-committee, and Senator Hill will probably be placed at the head of the sub-committee for New Orleans.

The senate committee on appropriations, to day, in voting on the resolution for a final adjournment of congress on Wednesday next, divided upon strict party lines, the republicans all taking the ground that no day shall be fixed upon till the enactment of a bill providing for the expenses of the government is assured.

That School Rumpus.
[Evansville Tribune.]

What well behaved students we have in Evansville to quietly conform to rules, or at least not to get up a row about it, but just have the flowers sent up in advance to ornament the stage with. In that way there is no nuisance and nobody "kicks." Evansville school children behave well always, and much of their good behavior is no doubt due to the good examples of pleasant manners set them by the authorities from the members of the board and Supt. Bloss, all the way down.

Free of Cost.

DR. KING'S NEW DISCOVERY for consumption, coughs and cold, asthma, bronchitis, etc., is given away in trial bottles *free of cost*, to the afflicted. If you have a severe cough, cold, difficulty of breathing, hoarseness or affection of the throat or lungs, by all means give this wonderful remedy a trial. As you value your existence you can not afford to let this opportunity pass. We could not afford and would not give this remedy away unless we knew it would accomplish what we claim for it. Thousands of hopeless cases have already been completely cured by it. There is no medicine in the world that will cure one half the cases that DR. KING'S NEW DISCOVERY will cure. For sale by Dreier & Bro., Fort Wayne. 1

A company has been formed in Boston to build freight cars which, as is claimed, reduces the dead weight hauled by railways fully one-half. It is also claimed that the cost of them is no more than ordinary standard freight cars, because the principles of construction are simple and inexpensive. It is reported that a line of these cars is to be put on as soon as possible between Boston and the West, and a line between Boston and Montreal. The name of the company is the Cheap Transportation Company, capital, $1,000,000. I. M. Vernon, Esq., is the president, and Hon. C. Baron is the secretary and treasurer.

If ever there was a specific for the cure of all malarial diseases, such as are produced by swamp poison, like Intermittent, or Chills and Fever, Dumb Chills and Enlarged Spleen, it is certainly Dr. F. Wilhoft's Anti-Periodic or Fever and Ague Tonic. From its composition, which accompanies each bottle, it may be seen that it contains no dangerous drug, and that in these diseases it never fails, as guaranteed by its proprietors, Whelock, Finlay & Co., New Orleans, La. For sale by all druggists.

Rev. George H. Thayer, an old citizen of this vicinity, known to every one as a most influential citizen, and Christian minister of the M. E. church, just this moment stopped in our store to say: "I wish everybody to know that I consider that both myself and wife owe our lives to Shiloh's Consumption Cure." It is having a tremendous sale over our counters, and is giving perfect satisfaction in all cases of lung diseases, such as nothing else has done.

Congressional Summary.

Monday, June 23.—SENATE.—A few unimportant bills were passed and several minor nominations confirmed. HOUSE. The veto of the judicial expenses bill was received, and the bill failed to pass over the veto—yeas 104, nays 78.

MR. HAYES has backed down in signing the army appropriation bill which the Republicans in both Houses, with a very few exceptions, voted and spoke against. The bill prohibits the use of troops at the polls, and contains in substance what the democrats have been fighting for. The supplemental judicial expenses bill was vetoed by Mr. HAYES, but he based his objections principally upon the clause prohiting the payment or contracting for payment of deputy marshals for services at the polls. It is noticeable that he does not object to the important amendments of the jury laws and the total abolition of the infamous jury test oath, both of which the republicans in congress had solidly opposed. The democratic senators held a caucus yesterday afternoon when Senator VEST introduced a resolution for an immediate adjournment of Congress. This was opposed by Messrs. MCDONALD, BAYARD, THURMAN, HILL, BUTLER, MAXEY, PENDLETON, EATON, BECK, and HAMPTON. Finally a resolution was adopted favoring the introduction and passage of another bill which shall obviate the objections urged to this one. There were only seven votes against this resolution—namely Messrs. COCKRELL, JONES, WALKER, WALLACE, VANCE and WITHERS. Among the house democrats, there is some division of sentiment as to the course to be pursued, but doubtless the majority will concur in the action of the senate democrats. If the bill is passed as suggested the democrats will have accomplished, 1st the abolition of the jurors' test oath; 2nd the amendment of the jury laws; 3rd the prohibition of armed supervision of elections. The only thing that the republicans will have saved of these obnoxious laws will be the power to use deputy marshals at the polls.

GENERAL NEWS.

Vanderbilt's sheme is to annex Canada to his railroad dominion.

New postage stamps will be put on sale July 1st. The design is much handsomer than the old one.

It is said that California adopted the constitution under the impression that it prohibited the return of Joaquin Miller to the state.—*Boston Post.*

There are 393 papers published in Indiana, 31 of which are dailies, 338 weeklies and 24 monthlies. It is well to keep this fact before the public.

A man coming out of a Texas newspaper office with one eye gouged out, his nose spread all over his face, and one of his ears chewed off, replied to a policeman who interviewed him: "I didn't like an article that 'peared in the paper last week, an' I went in ter see the man who writ it, an' he was there!"

The *Electrotyper*, one of the leading typographical journals in the country, has adopted the spelling reforms suggested by the American Philogical Association, and is doing much to introduce those sensible changes to the favorable notice of the public. It will not take long to get the people well acquainted and in love with such sensible spellings as "hav," "wil," "shal," "ful," "bil," "skil," "ar," etc.

Alva H. Benjamin, a Cleveland lawyer who has figured before in the courts, has been arrested charged with an attempted outrage on the person of a waiter girl. Benjamin, it is claimed, waited for her in the water closet of the block where his office is, and after her refusal to accede to his demands, caught her by the arm and attempted to pull her to the floor. She resisted, however, and got away finally.

BAYONETS vs. BALLOTS.

How the Massachusetts Troops Voted in Indiana.

Recollections of F. H. McCulloch.

Senator McDonald recently made a statement before the United States senate that during the war a Massachusetts regiment stationed at Indianapolis went to the polls and voted a number of times, and prevented others from voting by force of arms. This statement has been sustained by a number of the most influential members of both parties. Learning that Fred. McCulloch, son of Secretary McCulloch, was a member of the 60th Massachusetts regiment, stationed at Indianapolis at the time referred to, a SENTINEL reporter called upon him to get his recollection of the affair. Mr. McCulloch stated that at the time referred to—namely, the October election of 1862—he was at home on a furlough, and voted in this city, but that he returned to his regiment only a day or two after the election, and knew only what his comrades told him. At the time nothing was thought of it. Everybody, he thought, knew of it, and no one seemed to care anything about it. He stated that about two hundred of the boys had the liberty of the city and carried their sidearms which they were obliged to do. They went to the polls and voted, some once, some oftner, while one of the boys told Mr. McCulloch that he voted twenty-one times. A party of about seventy-five soldiers were detailed to go to Greensburg, ostensibly for the purpose of preserving peace, but really for the purpose of voting in order to carry that township. He stated, however, that he believed no one was intimidated nor prevented from voting.

Mr. McCulloch is a son of ex secretary McCulloch, and was at the time an ardent republican, but has since thas time become a good square democrat. He disliked to have his name mixed up in the matter, but as the statement without the authority would carry no weight, Mr. McCulloch will certainly pardon the SENTINEL for naming him.

PERRY TOWNSHIP.

Educational Notes—Music Class—The Crops—Picnic—The "Sentinel"—Personal.

[Correspondence of the Sentinel.]

Perry Township, Ind., June 23, 1879,—District school No. 8, better known by the name of the Bowser school, closed last Friday. A new school house is being built about one hundred rods further north, by W. Howard Kreep, and will be finished in several weeks.

The Union Chapel singing class, under the conductorship of Mr. J. S. McCoomb, intend singing some select pieces of music in several weeks. They met last evening for practice at Mr. Gump's. The selections we understand are to be entirely of a sacred character.

The wheat crop in Perry is not to be beat. An abundant harvest is on hand. The corn crop is not so promising, only every once in a while a stalk; and the stalks are as varied in size, age and color as the people of a nation. Some say the whistling of the locomotives on the Jackson road scared the corn crop out of a month's growth.

A Sabbath school picnic will be held at Robinson next Thursday, the 26th. Quite a time is expected, as several schools have been invited to attend and participate.

Everyone knows that the SENTINEL is the cheapest paper in the country, and all are being convinced that it is not only "the newspaper" of Allen county, but THE NEWSPAPER of northern Indiana.

Will some arithmetical sage explain what is wrong in the solution to the following problem: "A fox is ten rods ahead of a hound when the hound begins to run, and the fox is running only runs one-tenth as fast; what distance will the fox have run when caught?" Solution.—When the hound runs the ten rods the fox will be one tenth of ten rods or one rod ahead, and when the hound runs the one rod the fox will be one tenth of a rod ahead, and when the hound runs the one-tenth rod the fox will be one tenth of one-tenth or one-hundredth of a rod ahead, and so on indefinitely. Hence the fox will never be caught, as he will always be one-tenth of the distance ahead.

Exactly three hundred years ago this very day commenced what was known as "The War of the Lovers." This was in the sixteenth century, when three planets came in conjunction at the same time and as there will be shortly four planets in conjunction we will, according to the predictions of astronomers and scientists, have a repetition, accompanied by famines plagues, etc., or don't we read aright?

Mr. Charles McQuiston, who taught the school at Huntertown, during the past winter very successfully, has gone to the West Point Military Academy. We are glad to hear of his success in being appointed a cadet. Your first year there will be ——. Well we sympathize. But we know the boys can't bull doze you very much and if they do we know Charlie is able to give them a warm reception in return.

Obediently yours,
A. M. C.

Encouraging Prospects For Another Narrow Guage.

General Railroad News.

COLUMBUS AND NORTHWESTERN RAILROAD.

The Columbus and Northwestern Narrow Gauge Railroad, of which so much was heard a few months ago, is not dead. It has been taking a sound nap, but seems to have revived. Maurice Cody, of this city, who has never lost faith in the project, has received the following letters, which he kindly allows the SENTINEL to publish:

Urbana, O., June 19th, 1879.—MAURICE CODY, ESQ.: *Dear sir*—In regard to the future of our line to your city, as ours is under contract and our work will be started in July, we shall begin to look westward and locate as we go. Our contractors are willing to take the entire line at the rate per mile they have taken the first hundred. Taking our profile as a basis, ours average about 6,000 yards per mile. They grade, bridge and tie, lay the track, furnish iron, splices and rails, for forty-one hundred and fifty-seven dollars ($4157) per mile. What we wish to do is to charter and consolidate from Decatur through Fort Wayne and Michigan, via South Bend, Berrien Springs, to the mouth of St. Joseph River, and from West Jefferson to the coal fields *direct*. So soon as we break ground, we shall make up a party, our president, Mr. Jennings, and others, and drive through over the entire route. Then we would like you to incorporate and organize, as was agreed upon when I was at your city. We would also be glad to have you arrange for a party to join us at Decatur and go on through to the lake. I will then, at the proper time, *put* engineers in the field and locate the entire line, and when the several quotas are up, construction will be started and continued to completion. We will probably build a three and a half foot track, as we can change tracks at a small *cost*, and thereby have the wide as well as the narrow gauge *cars* over all or any part of our line. I would be glad to hear from you as to whether your people *still* regard the Columbus & Northwestern with favor, and will at the proper time take an interest in the enterprise. Yours truly,
J. E. WILLIAMS.

Urbana, O., May 29, 1879.—MAURICE CODY, ESQ.: *Dear Sir*—Your favor of the 26th is at hand, and I hasten to reply to you; also send you a prospectus as to our enterprise. It is the original enterprise in which we started out. We have nothing to do with the Van Wert enterprise, and know nothing of it. We have our line surveyed, maps and profiles, and estimates from Swandon, a point on the Dayton and Michigan road, to Columbus, and have put the line under contract, to gravel, bridge, cross-tie, lay track and furnish rails (35 pounds per yard) at $4,157 per mile—$1,500 per mile in cash, and the balance in bonds at 90 cents. The firm is a strong one, and will commence work in July. We have taken up a good deal of right of way already. We did not attempt to put any work under contract until the line had been carefully surveyed; hence our western terminus is now Swandon, but the contracting firm of Stanton, Gard & Co. will take the balance of the line at the same terms whenever we are ready. So soon as we get the work going on we will survey the line to our terminus, viz.: the southwest corner of Van Wert county, and then the company must be organized through Indiana.

Letters from Mr. Jennings, our vice president, from St. Joseph, say that they will organize, raise money and build it to Fort Wayne to meet us. I write you to advise you not to suggest any movement. You can consult your own judgment in regard to that. Only this: keep watch of our progress and start in time, so that we can go through. After we reach the state line, we have light grades and very easy turners. Fully 80 percent of the right of way will be given.
J. E. WILLIAMS.

Mr. Cody has been consulting with some of our leading business men and capitalists, and they seem to be very favorable to this line. Mr. Cody thinks that the line will be built to Decatur or Monroe Center, thence to Brooks's saw mill, Preble township, and thence through Williamsport to Fort Wayne.

NOTES.

Freights are very light on all the roads.

Business is rushing in the Wabash shops.

Sup't Wade is in New York. He will return about Saturday.

The Wabash paymaster is scattering the shekels among the boys to-day.

There will be about 200 excursionists over the Wabash to Niagara Falls to-night.

Two carloads of fine walnut lumber arrived at the south depot to-day on the Pittsburgh road.

Charley Newell, of engine 113 on the Pittsburgh road, last night ran from this city to Forest, 91 miles, in 90 minutes. He pulled one car containing a Chicago mogul who was hastening to his mother's death bed. There is no taffy about this story.

H. C. Townsend, the wide-awake General Ticket and Passenger Agent of the Wabash Road, has just published two unusually complete and accurate railroad maps, showing the most direct and extensive connection of the line East, West, North and South, and, to his credit, the few defections of the road from an air line are shown as distinctly as are those of competing roads.

Last Night's Dispatches.

Chicago, June 23.—The first day of the Chicago Jockey Club races drew 5,000 people. Weather superb.

The first event—purse race, 1¼ mile—all ages; starters, Mintzer, Edinburg, Athelstone, Virgillian, American, Lottery, King Faro, Bill Bass, Florence Payne and Aunt Winnie. The race was won by Mintzer; Virgillian 2d, Bill Bass 3d, Edinburg 4th, King Faro 5th; time, 2.16½.

Mintzer, the winner, is better known as Garry Owen.

The next event was the Grand Pacific Hotel stakes for two-year-olds, mile dash, forty entries; starters, Kimball, Waverly, Chris Doyle, Margentine, Vapor, Amazon, Lake Blackburn. The race was won by Kimball, the favorite. Time, 1.18½; Lake Blackburn 2d, Margentine 3d.

The third race, for three year old colts, dash one-half mile, the following started: Goodnight, Joe Rowell, Lord Murphy and Buckner. Lord Murphy was favorite by the heavy odds of two to one over the field. Buckner won, Murphy 2d, Goodnight 3d, Joe Rowell 4th. Time 2:45½.

The last event was the hurdle race, all ages; wetter weights, mile heats, over four hurdles. Verdegris, Kelso Cannon, Joe Rodes, Bennett and Raven started, first heat horses came in in the following order: Raven, Cannot, Kelso Verdigris. In jumping the first hurdle Burnett threw his rider and was distanced. Time, 1:54¾. The second and third heats were taken by Raven in 1:54¾ and 1:52¼. Rodes taking second money. Rodes was the favorite.

Atlanta, Ga., June 23.—The dwelling house of J. W. Reynolds, near this city, was burned to-day, and his daughter and sister-in-law, young girls of 13 and 14 years, perished in the flames. The fire originated in their room, which was locked on the inside. They were so blinded or bewildered that they could not open the door, although Reynolds, who had been awakened by the roaring of the flames, called to them and tried to break the door in. He then went to save his wife, and barely succeeded in getting her out. He was very badly burned, and it is feared, fatally.

Columbia, S. C., June 23.—An altercation last night between John English, a well-known planter, and policeman Rose, resulted in injuries to English from which he died this forenoon. Joe English, a brother of the deceased, met Rose to-day, when several shots were exchanged, but without effect.

Montreal, June 23.—The steamer Colina, bound for the St. Lawrence, struck a rock at Cape Lehne, knocking a hole in her bottom, which caused her to sink in ten minutes. The crew were rescued by the steamer Reindeer. The Colina had a general cargo, the greater portion being raw sugar.

Galveston, Tex., June 23.—A Galveston *News* special from Marshall county, says in the case of the state vs James Currie, indicted for the murder of the actor, B. C. Porter, the state announced itself ready for the trial, with most of the witnesses present, including Barrymore. The defence presented affidavits of five witnesses by whom it is expected to prove that Currie was provoked to the assault in self defence. These witnesses being absent the counsel for the defence asked to have the case continued. Six witnesses, including the restaurant keeper, where the killing occurred, said at the time of the killing that the only persons present were Barrymore, Porter, Miss Cummings, Currie and the proprietor. Motion to strike out counter affidavit statement and continuance granted. The court room was crowded and great interest manifested.

New York, June 23.—The examination in the case of Officer Nugent, charged with complicity in robbing the Manhattan Institution, concluded this afternoon, and the accused was held for trial in default of $10,000 bail.

Milan, O., June 23.—H. H. Gibbs, postmaster at this place, suicided this evening in a well. Temporary insanity. He was highly respected, and leaves a wife and two children.

Halifax, June 23.—The army worm has appeared in Colchester county in immense numbers. They have stripped the woods on the farms and are moving towards the grain fields.

Toledo, O., June 23.—The body of Marshall Davis, a prominent insurance agent of this city, was found in the river this morning. Nothing is known as to the circumstances of his death, but it is a supposed case of accidental drowning. Mr. Davis enlisted at the outbreak of the rebellion as sergeant-major of the 13th Ohio Volunteers, was brevet-major, and served on the staff of Maj.-Gen. James B. Steedman.

NEW YORK, June 25.—The captain of the brig *Emma Shaw Sultana* has reported two vessels seen on fire at sea. The captain of the former sighted one on June 11th, which he supposed to be a vessel with a cargo of oil on fire. As the weather was calm, he believes the crew must have escaded. On the same night the captain of the *Sultana* sighted another burning vessel, and supposed it to have contained a cargo of oil on fire. After lying near for several hours to render assistance if necessary, he continued on his voyage, supposing the crew to have been rescued.

Jersey City, June 23.—George Donohue, of the canal boat Titus, was arrested last night charged with the murder of Mary Connors, his housekeeper. The woman was found in the hold of a vessel badly injured, and she died an hour after. She stated that Donohue had attacked her Saturday night, and after kicking and beating her he threw her into the hold of the vessel, and that she lay there all day, without any medical assistance, until last evening.

Boston, June 23.—The murderer of Mrs. Hull, of New York, was arrested in this city to-night, and is now in the custody of the police authorities. His name is Chastine Cox, a copper-colored negro who has been employed as a waiter for a year and a half in the vicinity of the Hull residence in New York City. This negro made his appearance in Boston a week ago to-day and went into a pawn shop, where he disposed of a cameo set of jewelry. At about the same time the superintendent of pawnbrokers received from New York a description of the property, and this set was found by an officer in the pawnbroker's shop in this city. Cox made no resistance, but went quietly to the police station, where he was searched, and Mrs. Hull's watch was found on him and thoroughly identified. He was not reticent, and said in answer to questions that he had lived opposite Mrs. Hull's house, and at the time of the robery he entered through a lower window and went up stairs to her room; he further said that his purpose was robbery alone, and he did not intend to kill her.

Cincinnati, June 23.—August 10th, 1876, a society for the promotion of marriages was organized here. Members claim that over two thousand marriages have taken place through its instrumentality, and on August 10th, this year, they will give a grand picnic at Inwood Park, where 100 marriages will take place.

Washington, June 23.—The senate committee on privileges and elections decided to commence the Ingalls investigation in Kansas by a sub-committee of five to proceed to that state in September and to prosecute the Kellogg-Spofford inquiry in New Orleans next November, by a sub-committee of three members. Mr. Saulsbury is to be the chairman of the Kansas sub-committee, and Senator Hill will probably be placed at the head of the sub-committee for New Orleans.

The senate committee on appropriations, to day, in voting on the resolution for a final adjournment of congress on Wednesday next, divided upon strict party lines, the republicans all taking the ground that no day shall be fixed upon till the enactment of a bill providing for the expenses of the government is assured.

That School Rumpus.

[Evansville Tribune.]

What well behaved students we have in Evansville to quietly conform to rules, or at least not to get up a row about it, but just have the flowers sent up in advance to ornament the stage with. In that way there is no nuisance and nobody "kicks." Evansville school children behave well always, and much of their good behavior is no doubt due to the good examples of pleasant manners set them by the authorities from the members of the board and Supt. Bloss, all the way down.

Free of Cost.

DR. KING'S NEW DISCOVERY for consumption, coughs and cold, asthma, bronchitis, etc., is given away in trial bottles *free of cost*, to the afflicted. If you have a severe cough, cold, difficulty of breathing, hoarseness or affection of the throat or lungs, by all means give this wonderful remedy a trial. As you value your existence you can not afford to let this opportunity pass. We could not afford and would not give this remedy away unless we knew it would accomplish what we claim for it. Thousands of hopeless cases have already been completely cured by it. There is no medicine in the world that will cure one half the cases that DR. KING'S NEW DISCOVERY will cure. For sale by Dreier & Bro., Fort Wayne. 1

A company has been formed in Boston to build freight cars which, as is claimed, reduces the dead weight hauled by railways fully one-half. It is also claimed that the cost of them is no more than ordinary standard freight cars, because the principles of construction are simple and inexpensive. It is reported that a line of these cars is to be put on as soon as possible between Boston and the West, and a line between Boston and Montreal. The name of the company is the Cheap Transportation Company, capital, $1,000,000. I. M. Vernon, Esq., is the president, and Hon. C. Bacon is the secretary and treasurer.

If ever there was a specific for the cure of all malarial diseases, such as are produced by swamp poison, like Intermittent, or Chills and Fever, Dumb Chills and Enlarged Spleen, it is certainly Dr. F. Wilhoft's Anti-Periodic or Fever and Ague Tonic. From its composition, which accompanies each bottle, it may be seen that it contains no dangerous drug; and that in these diseases it never fails, as guaranteed by its proprietors, Wheelock, Finlay & Co., New Orleans, La. For sale by all druggists.

Rev. George H. Thayer, an old citizen of this vicinity, known to every one as a most influential citizen, and Christian minister of the M. E. church, just this moment stopped in our store to say: "I wish everybody to know that I consider that both myself and wife owe our lives to Shiloh's Consumption Cure." It is having a tremendous sale over our counters, and is giving perfect satisfaction in all cases of lung diseases, such as nothing else has done.

SYMPTOMS OF WORMS.

THE countenance is pale and lead-en-colored, with occasional flushes, or a circumscribed spot on one or both cheeks; the eyes become dull; the pupils dilate; an azure semicircle runs along the lower eye-lid; the nose is irritated, swells, and sometimes bleeds; a swelling of the upper lip; occasional headache, with humming or throbbing of the ears; an unusual secretion of saliva; slimy or furred tongue; breath very foul, particularly in the morning; appetite variable, sometimes voracious, with a gnawing sensation of the stomach, at others, entirely gone; fleeting pains in the stomach; occasional nausea and vomiting; violent pains throughout the abdomen; bowels irregular, at times costive; stools slimy, not unfrequently tinged with blood; belly swollen and hard; urine turbid; respiration occasionally difficult, and accompanied by hiccough; cough sometimes dry and convulsive; uneasy and disturbed sleep, with grinding of the teeth; temper variable, but generally irritable, &c.

Whenever the above symptoms are found to exist,

DR. C. McLANE'S VERMIFUGE

will certainly effect a cure.

IT DOES NOT CONTAIN MERCURY

in any form; it is an innocent preparation, *not capable of doing the slightest injury to the most tender infant.*

The genuine DR. McLANE'S VERMIFUGE bears the signatures of C. McLANE and FLEMING BROS. on the wrapper. —:o:—

DR. C. McLANE'S

LIVER PILLS

are not recommended as a remedy "for all the ills that flesh is heir to," but in affections of the liver, and in all Bilious Complaints, Dyspepsia and Sick Headache, or diseases of that character, they stand without a rival.

AGUE AND FEVER.

No better cathartic can be used preparatory to, or after taking Quinine.

As a simple purgative they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Each box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

Each wrapper bears the signatures of C. McLANE and FLEMING BROS.

Insist upon having the genuine Dr. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

TUTT'S PILLS!

A NOTED DIVINE SAYS

THEY ARE WORTH THEIR

WEIGHT in GOLD

READ WHAT HE SAYS:

DR. TUTT:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

REV. R. L. SIMPSON, Louisville, Ky.

A TORPID LIVER

is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Costiveness, Dysentery, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic, etc.

Tutt's Pills exert a powerful influence on the Liver, and will with certainty relieve that important organ from disease, and restore its normal functions.

The rapidity with which persons take on flesh, while under the influence of these pills, of itself indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. When the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose until a regular daily movement is obtained, which will soon follow.

A man whose name could not be learned, had his hand smashed while coupling cars on the Pittsburgh Road yesterday afternoon. He went to the city hospital and Mrs. Salts dressed his wound for him, while a boy was dispatched for a surgeon. He was left alone for a few minutes and during that time got up and skipped out, without leaving his name or any particulars at all. He was tolerable beery, and probably didn't know his own name anyhow.

Lafayette *Courier*: Mrs. "Wash" Carpenter, of Fort Wayne, who is visiting her parents, Mr. and Mrs. Woodward Porter, of this city, gave birth to a fine boy baby last evening. The happy papa, who manipulates a locomotive on the Wabash, though a hundred miles away when he heard of the little pleasantness, was so elated that he pulled the throttle wide open, placed the stoker on the safety valve, and arrived here during last night away ahead of the fast time of Jay Gould and Bob Hamilton.

A story was related to a SENTINEL reporter the other day which is almost too terrible to be true. It is alleged that a certain notorious citizen of Fort Wayne, who was unfortunate enough to own a runaway horse, became so enraged at the poor dumb brute that he took the animal, tied him to a telegraph pole and with red hot irons burned out both of his eyes. It is hardly to be believed that such shocking barbarity was perpetrated; but it is said that there is at least a foundation for the story and that it will be investigated by the grand jury at its next session.

THE "DIVINE AFFLATUS."

Fort Wayne Comes to the Front with a New Poet.

There has long been a belief current in this city that Fort Wayne possessed no poet—no real genuine high flyer whose genius carried him to the empyrean realms of Tennyson and Byron—no regular screamer as it were. Silas McManus, Pat Conover and William Herbert Kernan strove at different times to dispel this illusion, but the effort was vain. The time has come, however, when the SENTINEL can introduce to its 10,000 readers a genuine poet. Without further introduction the following is submitted:

To the Editor of the Sentinel:

Fort Wayne, June 23, 1879.—Please publish the following little ballad and oblige, G—E G—D—N.

P. S.—Don't give my name.

THAT INVITATION.

There's a daisy in the city
  Whose initials are F. S.
To whom this poem is dedicated
  And with it also Dickies bless

On Jefferson st I beleve she lives
  But then what is the difference
The boys and girls all know her sure
  And certainly thats sufficient,

It was in the beautiful month of May,
  While she at McGowan's was working,
An invitation to attend a party
  Was at her house awaiting.

Quite naturally she was bound to go,
  And went, you bet she did,
But just imagine her consternation,
  For a joke it proved to be.

Of course she tack led her friend g. g.
  And blamed it on to him
Who with an air of inocence
  Denied it emphatically.

She since found out who did the trick
  At least I so was told
But the party I know is inocent
  For I it was and she is soled.

For genuine elevation of sentiment, beauty of diction, warmth of feeling, wealth of imagination, delicate fancy, musical rhythm, and poetic fire, the above verses—so to speak—"lay over the deck." G—e G—d—n should woo the muse some more.

Daisy Is Married.

Dr. J. W. Younge (better known as Daisy de Younge) was married this morning at 10 o'clock to Miss DeEtta Smith, daughter of the Rev. L. B. Smith, of Huntington. The ceremony was performed at the residence of the bride's father, by Elder Carpenter, of Wabash. The doctor and his bride have gone east on an extended wedding tour.

EXPRESSED THEIR DELIGHT.

Thousands of ladies of refinement have expressed their delight at finding such delicate, fresh, flowery fragrance in Dr. Price's Unique Perfumes, Pet Rose, Alista Bouquet, Evening Violet, and his other odors. Ladies and gentlemen of taste appreciate the sweetness of Dr. Price's Perfumes.

SINFUL SHUCKS.

How He Makes Things Lively on Pontiac Street.

And Breaks up Housekeeping Semi-Occasionally.

Lewis Shuck lives at No. 8 Pontiac street, when he is at home. When he ain't at home, he can be found at the Wabash and Pittsburgh railroad crossing, where he is employed as gate watchman. Lewis is the head of a family, and that thing must be thoroughly understood or there will be trouble. Mrs. Shuck don't always realize this important fact; hence there is frequently heard from the inner recesses of the Shuck mansion strains of discord and shattering sounds of unharmonious clash. The discord is occasioned by the difference in the natural pitch of the voices of Mr. and Mrs Shuck. The shattering sounds are generally produced by a soup tureen, a platter or a volley of cups and saucers fired about the room by the belligerent Shuck. There seems to be no other motive for the above other motive for the above mentioned frequent demonstrations on the part of Shuck than pure cussedness. He is a German and possesses the temper of a Spaniard and is of a domineering disposition. He will not allow his wife to have any company at the house, neither will he allow her to visit nor attend church. Last Sunday, having been on duty the night before, he went to bed to sleep. His wife, thinking, doubtless, this was a good opportunity, went to church. Unfortunately her better and bigger half woke up before she returned and, then there was war. Lewis fired dishes and crockery around in the most reckless and promiscuous manner, while his wife ran from the house and called for the police. This, however, was a very safe proceeding, as there were no police within a mile of Pontiac street. Presently the dishes were all exhausted, and Lewis was obliged to settle down to plain swearing. Finally he quieted down, and peace reigned once more. Yesterday the flames burst out anew, but as there wasn't any queensware left hard swearing had to fill the bill. The best feature about Lewis's eccentricities is that no serious bodily injury has been done anyone, the damage generally consisting of a general demolition of all the furniture within reach. The neighbors, however, are very much annoyed, and threaten that at the first symptom of another outbreak Lewis Shuck, will be arrested for disturbing the peace, and will be bound over for future good behavior.

FOUR BLOATS.

His Honor's Regular Morning Reception.

A Quartette of the Peelers' Victims.

At Police court this morning, Henry Schreck tried to explain to his Honor why it was that he couldn't keep out of trouble. "Last evening he got full," and when he is full he must lick somebody. The first person that presented was Gus Tremmel. Gus was therefore the recipient of the first blow. Officer Ryan took him in, and the Mayor took him in $10 worth. Not having the rino Guttermuth took him in charge, and Dick Myers took him in.

John Cannon and Louis were next on deck. They were drunk. This fact can't be denied, for they couldn't deny it themselves. Fahlsing fixed the gentlemen during the evening, and finally heard them coming over from Bloomingdale singing and shouting. The shouting didn't matter so much, but such false singing was too much for Fahlsing, and he gathered them under the shadow of his protecting wing. Cannon thought there must be some kind of a mistake about the singing business, as he couldn't sing any better than a sawbuck. As this was the first time the gentlemen were up there the mayor taxed them $1.00 and costs each as a kind of an invitation to call again.

"James O'Henean."

"Hyar yam."

And so he was. James was we suppose at one time a handsome baby but he has outlived it. It must have been very long ago anyhow. James looked as though he told the truth when he pleaded guilty to the charge of being drunk, but he looks as though that was the first and only time he had told the truth, and he felt sorry for that. James went to jail for fifteen days, and when he gets out he will probably go up for as long again, for there seems to be a general suspicion that James is guilty of wearing a shirt. What grounds for suspicion there are to build on, are very slim, but if the charge is proven it will go very very hard with poor James.

AMUSEMENTS.

THE "BLACK CROOK."

The "Black Crook" in all its gorgeousness was presented at the Olympic last night. It was fully appreciated by the large audience assembled, and exceeded the expectations of all who witnessed the performance. The scenery and effects produced were simply immense, while the prismatic fountain was as well produced as it could be anywhere. No special mention need be made of any one actor or actress, as they are all stars in their respective lines. The incantation and transformation scenes excited the wildest enthusiasm in the audience. The management deserve great praise and liberal patronage for their enterprise in producing at a great expense the famous "Black Crook."

The Growing Crops.

Advices received by the SENTINEL from all the townships of Allen county report the condition of wheat to be extra good, the acreage about yield about as last year. Corn is indifferent; the acreage is about the same as last year, but the yield will be fifteen percent less. Oats look well; yield and acreage about as last year. Flax seed looks well; the acreage is slightly larger than last year. Hay and grasses the same as heretofore, if anything a little lighter. Small fruits are fair, but there will not be above one-third of apples, pears and peaches.

THE COUNTY'S PAUPERS.

TUTT'S PILLS!

A NOTED DIVINE SAYS THEY ARE WORTH THEIR WEIGHT in GOLD

READ WHAT HE SAYS:

DR. TUTT:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

REV. R. L. SIMPSON, Louisville, Ky.

A TORPID LIVER

is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Costiveness, Dysentery, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic, etc.

Tutt's Pills exert a powerful influence on the Liver, and will with certainty relieve that important organ from disease, and restore its normal functions.

The rapidity with which persons take on flesh, while under the influence of these pills, of itself indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. When the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose until a regular daily movement is obtained, which will soon follow.

A man whose name could not be learned, had his hand smashed while coupling cars on the Pittsburgh Road yesterday afternoon. He went to the city hospital and Mrs. Salts dressed his wound for him, while a boy was dispatched for a surgeon. He was left alone for a few minutes and during that time got up and skipped out, without leaving his name or any particulars at all He was tolerable beery, and probably didn't know his own name anyhow.

Lafayette *Courier*: Mrs. "Wash" Carpenter, of Fort Wayne, who is visiting her parents, Mr. and Mrs. Woodward Porter, of this city, gave birth to a fine boy baby last evening. The happy papa, who manipulates a locomotive on the Wabash, though a hundred miles away when he heard of the little pleasantness, was so elated that he pulled the throttle wide open, placed the stoker on the safety valve, and arrived here during last night away ahead of the fast time of Jay Gould and Bob Hamilton.

A story was related to a SENTINEL reporter the other day which is almost too terrible to be true. It is alleged that a certain notorious citizen of Fort Wayne, who was unfortunate enough to own a runaway horse, became so enraged at the poor dumb brute that he took the animal, tied him to a telegraph pole and with red hot irons burned out both of his eyes. It is hardly to be believed that such shocking barbarity was perpetrated, but it is said that there is at least a foundation for the story and that it will be investigated by the grand jury at its next session.

THE "DIVINE AFFLATUS."

Fort Wayne Comes to the Front with a New Poet.

There has long been a belief current in this city that Fort Wayne possessed no poet—no real genuine high flyer whose genius carried him to the empyrean realms of Tennyson and Byron—no regular screamer as it were. Silas McManus, Pat Conover and William Herbert Kernan strove at different times to dispel this illusion, but the effort was vain. The time has come, however, when the SENTINEL can introduce to its 10,000 readers a genuine poet. Without further introduction the following is submitted:

To the Editor of the Sentinel:

Fort Wayne, June 23, 1879.—Please publish the following little ballad and oblige, G——E G—D—N.

P. S.—Don't give my name.

THAT INVITATION.

There's a daisy in the city
  Whose initials are F. S.,
To whom this poem is dedicated
  And with it also Dickies bless

On Jefferson st I beleve she lives
  But then what is the difference
The boys and girls all know her sure
  And certainly thats sufficient.

It was in the beautiful month of May,
  While she at McGowan's was working,
An invitation to attend a party,
  Was at her house awaiting.

Quite naturally she was bound to go,
  And went, you bet she did,
But just imagine her consternation,
  For a joke it proved to be.

Of course she tack led her friend g. g.
  And blamed it on to him
Who with an air of inocence
  Denied it emphatically.

She since found out who did the trick
  At least I so was told
But the party I know is inocent
  For I it was and she is soled.

For genuine elevation of sentiment, beauty of diction, warmth of feeling, wealth of imagination, delicate fancy, musical rhythm, and poetic fire, the above verses—so to speak—"lay over the deck." G—e G—d—n should woo the muse some more.

Daisy Is Married.

Dr. J. W. Younge (better known as Daisy de Younge) was married this morning at 10 o'clock to Miss De Etta Smith, daughter of the Rev. L. B. Smith, of Huntington. The ceremony was performed at the residence of the bride's father, by Elder Carpenter, of Wabash. The doctor and his bride have gone east on an extended wedding tour.

EXPRESSED THEIR DELIGHT.

Thousands of ladies of refinement have expressed their delight at finding such delicate, fresh, flowery fragrance in Dr. Price's Unique Perfumes, Pet Rose, Alista Bouquet, Evening Violet, and his other odors. Ladies and gentlemen of taste appreciate the sweetness of Dr. Price's Perfumes.

SINFUL SHUCKS.

How He Makes Things Lively on Pontiac Street.

And Breaks up Housekeeping Semi-Occasionally.

Lewis Shuck lives at No. 8 Pontiac street, when he is at home. When he ain't at home, he can be found at the Wabash and Pittsburgh railroad crossing, where he is employed as gate watchman. Lewis is the head of a family, and that thing must be thoroughly understood or there will be trouble. Mrs. Shuck don't always realize this important fact; hence there is frequently heard from the inner recesses of the Shuck mansion strains of discord and shattering sounds of unharmonious clash. The discord is occasioned by the difference in the natural pitch of the voices of Mr. and Mrs Shuck. The shattering sounds are generally produced by a soup tureen, a platter or a volley of cups and saucers fired about the room by the belligerent Shuck. There seems to be no other motive for the above other motive for the above mentioned frequent demonstrations on the part of Shuck than pure cussedness. He is a German and possesses the temper of a Spaniard and is of a domineering disposition. He will not allow his wife to have any company at the house, neither will he allow her to visit nor attend church. Last Sunday, having been on duty the night before, he went to bed to sleep. His wife, thinking, doubtless, this was a good opportunity, went to church. Unfortunately her better and bigger half woke up before she returned and then there was war.

Lewis fired dishes and crockery around in the most reckless and promiscuous manner, while his wife ran from the house and called for the police. This, however, was a very safe proceeding, as there were no police within a mile of Pontiac street. Presently the dishes were all exhausted, and Lewis was obliged to settle down to plain swearing. Finally he quieted down, and peace reigned once more. Yesterday the flames burst out anew, but as there wasn't any queensware left hard swearing had to fill the bill. The best feature about Lewis's eccentricities is that no serious bodily injury has been done anyone, the damage generally consisting of a general demolition of all the furniture within reach. The neighbors, however, are very much annoyed, and threaten that at the first symptom of another outbreak Lewis Shuck, will be arrested for disturbing the peace, and will be bound over for future good behavior.

FOUR BLOATS.

His Honor's Regular Morning Reception.

A Quartette of the Peelers' Victims.

At Police court this morning, Henry Schreck tried to explain to his Honor why it was that he couldn't keep out of trouble. Last evening he got full, and when he is full he must lick somebody. The first person that presented was Gus Tremmel. Gus was therefore the recipient of the first blow. Officer Ryan took him in, and the Mayor took him in $10 worth. Not having the rino Guttermuth took him in charge, and Dick Myers took him in.

John Cannon and Louis were next on deck. They were drunk. This fact can't be denied, for they couldn't deny it themselves. Fahlsing fixed the gentlemen during the evening, and finally heard them coming over from Bloomingdale singing and shouting. The shouting didn't matter so much, but such false singing was too much for Fahlsing, and he gathered them under the shadow of his protecting wing. Cannon thought there must be some kind of a mistake about the singing business, as he couldn't sing any better than a sawbuck. As this was the first time the gentlemen were up there the mayor taxed them $1.00 and costs each as a kind of an invitation to call again.

"James O'Henean."

"Hyar yam."

And so he was. James was we suppose at one time a handsome baby but he has outlived it. It must have been very long ago anyhow. James looked as though he told the truth when he pleaded guilty to the charge of being drunk, but he looks as though that was the first and only time he had told the truth, and he felt sorry for that. James went to jail for fifteen days, and when he gets out he will probably go up for as long again, for there seems to be a general suspicion that James is guilty of wearing a shirt. What grounds for suspicion there are to build on, are very slim, but if the charge is proven it will go very very hard with poor James.

AMUSEMENTS.

THE "BLACK CROOK."

The "Black Crook" in all its gorgeousness was presented at the Olympic last night. It was fully appreciated by the large audience assembled, and exceeded the expectations of all who witnessed the performance. The scenery and effects produced were simply immense, while the prismatic fountain was as well produced as it could be anywhere. No special mention need be made of any one actor or actress, as they are all stars in their respective lines. The incantation and transformation scenes excited the wildest enthusiasm in the audience. The management deserve great praise and liberal patronage for their enterprise in producing at a great expense the famous "Black Crook.

The Growing Crops.

Advices received by the SENTINEL from all the townships of Allen county report the condition of wheat to be extra good, the acreage and yield about as last year. Corn is indifferent; the acreage is about the same as last year, but the yield will be fifteen percent less. Oats look well; yield and acreage about as last year. Flax seed looks well; the acreage is slightly larger than last year. Hay and grasses the same as heretofore, if anything a little lighter. Small fruits are fair, but there will not be above one-third of apples, pears and peaches.

THE COUNTY'S PAUPERS.

Question—How is gold like charity?

A.—Because it "covers a multitude of sins."

Q.—Does gold render people deaf, dumb and blind, and how?

A.—Yes; it makes them deaf to the whisperings of conscience as well as to the cry of misery; dumb when they should hear true testimony; and blind to vice and crime no less than to scenes of destitution. CANNON vs. CANNON.

Interesting Divorce Trial in the Superior Court.

A Brief and Uneventful Wedded Career.

Yesterday in the superior court, Junde Lowry heard a portion of the evidence in the divorce case of Chas. H. Cannon vs. Henrietta B Cannon.

The complaint sets up that the parties were married at Boscobel, Wis., June 4th, 1877; that after their marriage the defendant abandoned the plaintiff, and has not since lived or cohabited with him.

The cross petition filed by the defendant, sets up abandonment and failure to provide; also recites the fact that the defendant never cohabited with plaintiff or lived with him as a wife; neither has she borne his name or ever been known by it, and that she kept the secret of her marriage from her parents. She asks for a divorce on the cross petition, and that her maiden name (Henrietta B. Abbott) be restored to her.

Evidence was heard to sustain the above allegations. When the proof of residence is submitted a decree will doubtless be granted.

Bolting Ohio Nationals Meet at Toledo.

Synopsis of the Platform—Letters from Peter Cooper and Others.

Toledo, June 24.—The convention of the nationals who withdrew from the Columbus convention was held here to-day, with a small attendance, only ten of the twenty congressional districts in the state being represented. A number of supporters of the Columbus ticket and platform were here under the lead of Robt. Shilling, of Cleveland, but were not admitted to the hall, tickets being issued only to those in sympathy with the movement. The convention was called to order by M. N. Odell, of Lucas, and J. I. Throckmorton, of Ross county, was elected temporary chairman. Chas. Caughlin, editor of the *True Nationalist*, of Toledo, secretary, and two assistants. Gen. Carey, chairman of the committee on resolutions, reported a platform deprecating a renewal of sectional strife, declaring the issue of money, whether gold, silver or paper, to be the sole function of the government such money to be full legal tender for all debts public and private, no officer of the government or banking corporation to be allowed to determine the volume, denounces specie resumption, favors the payment of all bonds in accordance with the contract, demands the unlimited coinage of silver, favoring an income tax, deprecating antagonisms between capital and labor, but demanding cheap capital and well paid labor, demanding proper sanitary regulations for workshops, factories and mines and the passage of laws giving mechanics first liens on their own products for their full wages, and opposing Chinese immigration.

Letters were read from Peter Cooper and others.

Mr. Cooper advised the endorsement of Ewing. Several speeches were made, and the convention adjourned *sine die* amidst much confusion, without taking action. A meeting of those who favor the democratic platform and ticket was called for 2 p. m. at the Boody House.

"THE NEW SILVER BILL."

General Bill 2,328.—"An act to establish the shortest, quickest and most direct route from all points in the east to the Great Gold and Silver Mines of Colorado."

Be it enacted by the People of the United States, that they shall travel only by the route offering the least changes of cars, surest connections, with all the latest improvements for the comfort and convenience of the traveling public, between the East and the Great West.

The press and the people all unite in pronouncing the "Old and Reliable" Hannibal and St. Joseph Railroad the only line which can offer these inducements.

They are the only line running through day coaches and Pullman Palace Sleepers between Toledo (O.) via Defiance, Fort Wayne, Peru, Logansport, Lafayette, Danville, Tolono, Decatur, Springfield, Jacksonville and Quincy to the Missouri River without change. The only line running day coaches between Indianapolis and the Missouri river via Danville Junction and Quincy without change, and a daily line of Pullman Palace Sleeping Cars, and the celebrated Horton Reclining Chair Cars between Chicago via Aurora, Mendota, Galesburg and Quincy to Kansas City without change, making sure and close connections for all points in Kansas, Nebraska and the Gold Fields of Colorado. Our rates to Leadville and other points in Colorado and the Great West are always as cheap as by any other line.

For maps, time tables and full information, address R. Tenbroeck, General Eastern Agent, 317 Broadway, New York; A. S. Reed, 59 Clark street, Chicago, Ill.; C. W. Boardman, Traveling Agent, Decatur, Ill.; or, T. Penfield, G. P. A., Hannibal, Mo.

Questions and Answers.

Question—How is gold like charity?

A.—Because it "covers a multitude of sins."

Q.—Does gold render people deaf, dumb and blind, and how?

A.—Yes; it makes them deaf to the whisperings of conscience as well as to the cry of misery; dumb when they should hear true testimony; and blind to vice and crime no less than to scenes of destitution. CANNON vs. CANNON.

Interesting Divorce Trial in the Superior Court.

A Brief and Uneventful Wedded Career.

Yesterday in the superior court. Junde Lowry heard a portion of the evidence in the divorce case of Chas. H. Cannon vs. Henrietta B Cannon.

The complaint sets up that the parties were married at Boscobel, Wis., June 4th, 1877; that after their marriage the defendant abandoned the plaintiff, and has not since lived or cohabited with him.

The cross petition filed by the defendant, sets up abandonment and failure to provide; also recites the fact that the defendant never cohabited with plaintiff or lived with him as a wife; neither has she borne his name or ever been known by it, and that she kept the secret of her marriage from her parents. She asks for a divorce on the cross petition, and that her maiden name (Henrietta B. Abbott) be restored to her.

Evidence was heard to sustain the above allegations. When the proof of residence is submitted a decree will doubtless be granted.

Bolting Ohio Nationals Meet at Toledo.

Synopsis of the Platform—Letters from Peter Cooper and Others.

Toledo, June 24.—The convention of the nationals who withdrew from the Columbus convention was held here to-day, with a small attendance, only ten of the twenty congressional districts in the state being represented. A number of supporters of the Columbus ticket and platform were here under the lead of Robt. Shilling, of Cleveland, but were not admitted to the hall, tickets being issued only to those in sympathy with the movement. The convention was called to order by M. N. Odell, of Lucas, and J. I. Throckmorton, of Ross county, was elected temporary chairman. Chas. Caughlin, editor of the *True Nationalist*, of Toledo, secretary, and two assistants. Gen. Carey, chairman of the committee on resolutions, report a platform deprecating a renewal of sectional strife, declaring the issue of money, whether gold, silver or paper, to be the sole function of the government such money to be full legal tender for all debts public and private, no officer of the government or banking corporation to be allowed to determine the volume, denounces specie resumption, favors the payment of all bonds in accordance with the contract, demands the unlimited coinage of silver, favoring an income tax, deprecating antagonisms between capital and labor, but demanding cheap capital and well paid labor, demanding proper sanitary regulations for workshops, factories and mines and the passage of laws giving mechanics first leins on their own products for their full wages, and opposing Chinese immigration.

Letters were read from Peter Cooper and others.

Mr. Cooper advised the endorsement of Ewing. Several speeches were made, and the convention adjourned *sine die* amidst much confusion, without taking action. A meeting of those who favor the democratic platform and ticket was called for 2 p. m. at the Boody House.

"THE NEW SILVER BILL."

General Bill 9,399.—"An act to establish the shortest, quickest and most direct route from all points in the east to the Great Gold and Silver Mines of Colorado."

Be it enacted by the People of the United States, that they shall travel only by the route offering the least changes of cars, surest connections, with all the latest improvements for the comfort and convenience of the traveling public, between the East and the Great West.

The press and the people all unite in pronouncing the "Old and Reliable" Hannibal and St. Joseph Railroad the only line which can offer these inducements.

They are the only line running through day coaches and Pullman Palace Sleepers between Toledo (O.) via Defiance, Fort Wayne, Peru, Logansport, Lafayette, Danville, Tolono, Decatur, Springfield, Jacksonville and Quincy to the Missouri River without change. The only line running day coaches between Indianapolis and the Missouri River via Danville Junction and Quincy without change, and a daily line of Pullman Palace Sleeping Cars, and the celebrated Horton Reclining Chair Cars between Chicago via Aurora, Mendota, Galesburg and Quincy to Kansas City without change, making sure and close connections for all points in Kansas, Nebraska and the Gold Fields of Colorado. Our rates to Leadville and other points in Colorado and the Great West are always as cheap as by any other line.

For maps, time tables and full information, address R. Tenbroeck, General Eastern Agent, 317 Broadway, New York; J. A. S. Reed, 59 Clark street, Chicago, Ill.; C. W Boardman, Traveling Agent, Decatur, Ill.; or. T. Penfield, G. P. A., Hannibal, Mo.
